

# Registering for Jr. High Division??

## DIVISION 3 READ THIS!!!

Before you register your daughter...there are some things you need to know about summer league and how it is run. (If your daughter has played before you know the drill, but this might be a good refresher)

**The reason we have summer league in a nutshell:  
We want high school (and jr high) teams to play together  
before their Fall season.**

As you register your daughter, keep in mind a few things:

- we *do not* put your daughter on a team
- we *do not* provide a coach for your team
- we *do not* provide practices for teams

This is our first year registering online. As each athlete registers, we have coaches sending in the team rosters. If your child has not spoken to one of their junior high coaches to "join a team" they need to do that now. If they don't have a team, they can put one together themselves and they will need to get a volunteer coach as well as send in a roster.

If your child has already registered and does not have a team, have them speak to their junior high coach to see if there is a possibility to get one together or get on one of their rosters.

We will post schedule online the week before league starts.  
Shirts will be handed out on the first day of play.

If you have questions about any of this please let us know ASAP! We are here to help!
